

Project Design Phase-II Data Flow Diagram & User Stories

Date	31 January 2025
Team ID	LTVIP2025TMID55104
Project Name	Resolve Now: Your Platform For Online Complaints
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Example: [\(Simplified\)](#)

Flow

1. User configures credentials for the Watson Natural Language Understanding service and starts the app.
2. User selects data file to process and load.
3. Apache Tika extracts text from the data file.
4. Extracted text is passed to Watson NLU for enrichment.
5. Enriched data is visualized in the UI using the D3.js library.

Example: DFD Level 0 (Industry Standard)

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	As a user, I can register for the application by entering my email, password, and confirming my password.	I can access my account / dashboard	High	Sprint-1
		USN-2	As a user, I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	High	Sprint-1
		USN-3	As a user, I can register for the application through Facebook	I can register & access the dashboard with Facebook Login	Low	Sprint-2
		USN-4	As a user, I can register for the application through Gmail	I can register and access the dashboard using my Gmail account	Medium	Sprint-1
	Login	USN-5	As a user, I can log into the application by entering email & password	I can access my dashboard	High	Sprint-1
	Dashboard	USN-6	As a user, I can view the list of complaints I submitted and track their status	I can see complaint list, status, and updates	High	Sprint-1
Customer (Web user)	Registration	USN-7	s a web user, I can register and log in using my email and password	I can access my web dashboard after login	High	Sprint-1
	Complaint Submission	USN-8	As a web user, I can submit a complaint by filling a form with issue details	I can submit complaints and receive confirmation	High	Sprint-2
	Dashboard	USN-9	As a web user, I can track the status of all my complaints on the dashboard	I can see complaint updates and statuses on my web dashboard	High	Sprint-2
	Chat	USN-10	As a web user, I can chat with the assigned agent to resolve my complaint	I can send/receive messages through the complaint chat window	Medium	Sprint-3
Customer Care Executive	Complaint Management	USN-11	As an agent, I can view the list of assigned complaints	I can see my assigned complaints with user details and status	High	Sprint-2
	Chat	USN-12	As an agent, I can communicate with users through a chat window	I can send and receive real-time messages	Medium	Sprint-3
	Complaint Resolution	USN-13	As an agent, I can update the status of a complaint after taking action	I can change status to 'Resolved' or 'In Progress' with notes	High	Sprint-2

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Administrator	Admin Dashboard	USN-14	As an admin, I can view all complaints submitted by users	I can view complaint stats, filter by status, user, or agent	High	Sprint-2
	Complaint Assignment	USN-15	As an admin, I can assign complaints to agents based on their workload	I can see agents' load and assign complaints efficiently	High	Sprint-2
	User Management	USN-16	As an admin, I can manage user and agent accounts	I can activate/deactivate users or agents	Medium	Sprint-3
	Reports and Analytics	USN-17	As an admin, I can generate reports on complaints, agents' performance, and resolution times	I can download reports or view analytics graphs	Low	Sprint-3
